

## MERCER CONTROLS, INC.

### WE CALIBRATE WATER METERS!

Many mainline delivery meters on wells and at water pumping plants are required by TCEQ to be calibrated annually and the calibration certificate must be placed at the flowmeter site.

#### WE HAVE:

- (1) Clamp-on test instruments that can verify the meter flow without disturbing the piping.
  
- (2) Calculation expertise which would allow verification of meter accuracy by measuring the flow into a tank.

#### WE CAN HELP!

Mercer Controls, Inc.  
804 Apollo Drive  
P. O. Box 777  
Edna, TX 77957

Phone: 361-782-7168
